

COVID-19 Screening Clinics

Bayshore[®]
Home Health

- In-person COVID-19 interviews and temperature screenings by specially trained health care professionals
- Flexible hours
- Education and continuous monitoring
- Health and safety department support

Ensure the health and safety of your workplace.

Bayshore Home Health can help you look after the well-being of your employees by conducting COVID-19 screenings at your workplace. Our health care professionals are highly qualified and have been specially trained to perform screenings and monitor employees' health.

We can also work with your health and safety department to educate your employees on best practices and make workplace recommendations – keeping your business productive while ensuring everyone's safety.

We're all in this together. Call us for more information.

905.277.3116

Bayshore Home Health is a division of Bayshore HealthCare, a leading provider of home and community health care services. As a Canadian-owned company, Bayshore has been enhancing the quality of life, well-being, dignity and independence of Canadians since 1966.
